### UNCANNY FEELING.

A Widow Marries and Feels Haunted PUBLIC by Her First Husband.

MRS. CLEVELAND'S WORK.

The President's Wife an Earnest Member of a Needlework Gulld for the Beuelit of the Foor-The lows Liquor Question.

ROCKFORD, Ill., Nov. 13 .- W. D. Staplin, of this city, has received a letter from his daughter, Mrs. Ida Hamilton, confirming the report that she had left her husband at Levita, Col., after beng married only a few days. Mrs. Hamilton states that her first husband, Mr. Grant, told her before his death that if she ever married ugain he would haunt her until doomsday. She says she had a terrible feeling come over her on the way out to Colorado and could not shake it off. At the wedding everybody noticed her pallor and she nearly fainted during the ceremony. Every time her husband came near her she says she felt a nameless horror steal over her. She could stand it only a few days, she says, and then, kissing his seven children, while he was out on the ranch, left the place for Danver, and says she is now happy again. Mr. Staplin has written his daughter to come home.

Mrs. Cleveland's Work. Washington, Nov. 13.—The Needleork guild of Washington is an organzation of ladies formed for the purpose of supplying articles of clothing to the poor. It embraces 583 members and has no church connection. The president is Mrs. Harlan, wife of Mr. Justice Harlan, of the United States supreme court. At the annual meeting yesterday Mrs. Robert Craig, president of the board of directors, said that Mrs. Cleveland was one of the most earnest workers in the guild, and that she had made thirtyeight pieces, and had lately sent five to headquarters. Mrs. Craig said that if every member of the society would be likewise charitable and industrious there would be little suffering for clothing this winter.

The lows Liquor Question DES MOINES, Ia., Nov. 13.—Fuller re-turns of a poll of the coming general there is a probability that a resolution resubmitting a prohibitory amend-ment to the constitution may be defeated and a law passed permitting the manufacture of liquors. But if the republicans take the liquor question into their caucus then it is probable that the prohibitionists will be in control. The house contains a hundred members and the senate ninety. The democrats, twenty in the house and seven in the senate, are solidly opposed to resubmission and in favor of a manufacturing law.

### TURKEY'S TROUBLES GRAVE. The Army and Navy May Join in the Gen-

CONSTANTINOPLE, Nov. 13. - There seems to be no doubt that the spirit of revolution is spreading even among the old Turks, and the young Turkish party is said to be ripe for revolt. he army needs money for pay, equipment and provisions, and the same state of affairs prevails in the navy. But the arrears of pay are not forthcoming in consequence, except among the palace troops, which are kept well fed, well paid and comfortably idle, for upon them depends the safety of the sultan, who is in hourly dread of assassination. Under these circumstances it is not astonishing that the army and navy are becoming disaffected, and nobody would be astonished to hear that they have sided with the revolutionists, should the expected uprising take

place. Seven Men Asphyxiated.

NEW YORK, Nov. 13.-Seven men were overcome by gas at Forty-second treet and Eleventh avenue yesterday afternoon. They were excavating for the purpose of repairing a leaking gas main, and the gas burst upon them so suddenly that they were rendered unconscious before they could make a move toward escaping. They are in a anced. serious condition, though the physicians say the cases are not necessarily

Lovers Killed by a Train, WABASH, Ind., Nov. 13.—At Disko, this county, Isaac Lambert, son of a farmer, and Miss Shipley, a young woman with whom he was keeping company, were run down and killed by a switching train on the Chicago & Erie road. It was quite dark, and they attempted to cross the track in advance of several box cars being pushed by a locomotive, and did not observe two flat cars in front of the box cars.

Branded as a False Report. DENISON, Tex., Nov. 13.—The sensational reports sent out from Ardmore, I. T., that the last Chickasaw legislature passed a bill which threatened erty and interests of intermarried citizens of the Chickasaw nation is branded by Holmes Culbert, president of the Chickusaw senate, and members of the legislature as false.

## FOUGHT A DUEL.

Two Well Known Men Engage in an Affair of Honor.

A NOTED MAN A FIREBUG.

Edward Wemple, an ex-Congressman and an ex-Official of New York, Is t harged with Arson-A Whitecap Society Organized in Iowa.

New York, Nov. 13.-The Journal this morning says that Warren Ratcliffe McVeigh and Paul Tupper Wilkes fought a duel with revolvers at short distance at the Palisades at Fort Lee. They were seconded by Robert Ratcliffe Owens and Frank Butler. Both men were wounded slightly. The four men engaged in the affair of honor are well known locally, while three of them enjoy reputations that might be almost called national. McVeigh is a newspaper man, a writer of short stories, and a leading member of the southern society. Wilkes is famous throughout the west as the slayer of George Shep ard, one of the leaders of the Riel rebellion, and his second, Frank Butler, is a lecturer of considerable renown, a son of the late Col. George Butler, United States consul to Egypt under President Grant, and of Rose Eytinge, the actress. Wilkes is a son of ex-Judge William A. Wilkes, of South Dakota, and a lineal descendant of John Wilkes. The Journal says that the wounds received by the two contestants were not serious. The firing of all the cartridges and not actual injuries received terminated the duel according to arrangements made at the start. Principals and seconds, when seen last evening admitted all the facts, refusing only to divulge the

original cause of trouble. A Noted Man a Firebug. AMSTERDAM, N. Y., Nov. 13.-Edward Wemple, ex-state senator, ex-congressman and ex-state comptroller, was arrested at his home in Fultonville today on the charge of attempting to set fire to the house of Hubert H. Fonda there November 10. A basket filled with shavings, saturated with kerosene oil, was placed against a rear door and set on fire, but the blaze was extinguished in time to save the building. Wemple is also charged with having set fire to the Wemple foundry, which was burned a mouth ago, and with causing other incendiary fires at Fultonville. He spent a fortune in politics and contracted habits which led to his downfall. He took treatment for dipsomania, but failed to derive benefit from it. His friends claim that his strange actions are due to his being mentally unbal-

A Whitecop Society Organized. ALBIA, Ia., Nov. 13.-A sensation has been created in this vicinity by the report that a whitecap society has been organized by fifty of the leading citizens of Wapello, Monroe and Appanoose counties for protection from informers acting in the interest of the deputy United States marshal. The arrest of Charles Dale, city solicitor of the Ottumwa Courier, Tuesday, on the alleged charge of impersonating a United States officer has brought the matter to a head.

TWO TRAINS COLLIDE.

An Engineer Killed and Some Freight Cars

Summir, N. J., Nov., 13.—The rear end of a freight train, due at Summit from Hoboken at 4:30 a. m. to-day, broke loose while the engineer was taking water here and ran down the hill at East Summit and struck the early morning mail, due at Summit at 5:37. Reuben Tyndall, the engineer of the mail train, reversed his engine and jumped down the embankment and was instantly killed. The fireman was also badly injured. No one else on the passenger train was hurt. Martin Nixon, of Phillipsburg, a brakeman on the freight, was badly hurt. The caboose and some of the freight cars caught fire and burned.

A FAIR CONDITION. The Receiver of the State Pank at Fort

Scott Makes a Statement FORT SCOTT, Kan., Nov. 13. - Receiver C. W. Mitchell, of the State bank, which was wrecked by the speculations of Cashier J. R. Colean, yesterday made his first statement to the court and the value of deposits in bank at once increased. He finds that Colean's defalcations amounted to \$47,-000. The assets, exclusive of worthless securities, amount to \$109,000 and the liabilities to \$93,000. Colean is still in jall, being unable to give bond. He has fully recovered his mental and physical strength and will make no defense. The belief that he has some of the stolen money is growing popular, and an effort will be made to compel him to divulge.
